## **DEPARTMENT OF CHEMISTRY**

### **Action taken report on Feedback from stakeholders (2021-22)**

- ❖ Students and Alumni feedback was received for the syllabus revised in 2020-2021. The feedback has shown good score for the syllabus and hence no revision was done in this year.
- ❖ The student feedback suggested improvement in the usage of GC equipment. The equipment which was under repair was serviced and put to use for the students.
- ❖ Teachers and Students explained their difficulties in processing of UC for the project. The same information was discussed in HOD meeting for proper solution.
- ❖ Teachers and students in their feedback mentioned the lack of equipment facilities. To address the lacunae, a major equipment “Zeta potential”, was purchased and made available to the students.
- ❖ In response to the feedback from the Alumni and students, the M.Sc. laboratory was renovated with improved facilities for conducting experiments.
