

DEPARTMENT OF MATHEMATICS

Action Taken Report for the Year 2021-2022

- ❖ Based on the Teachers and Students feedback MATLAB software was purchased for training the students in numerical simulations.
- ❖ For the purpose of enhancing the hybrid class mode, google meet and google classroom was utilized based on the students request.
- ❖ In collaboration with three departments, M. Sc. Data Science programme syllabus was framed. Mathematics department contributed to this collaboration by suggesting three papers namely linear algebra, optimization techniques using MATLAB and transforms and their applications to cater the needs of the rising industrial requirement globally.
