

BHARATHIAR UNIVERSITY, COIMBATORE 641 046

DEPARTMENT OF MICROBIAL BIOTECHNOLOGY

ACTION TAKEN REPORT ON FEEDBACK FROM STAKEHOLDERS (2021-22)

- Feedback from all stakeholders viz. Students, Alumni, Teachers and Employers were sought. Even though few gave good comments it was taken seriously and remedial measures were taken
- Feedback on curriculum which was revised in 2020-21 suggested changes in few topics. Based on which around 25% of the syllabus was changed with addition of new topics.
- Teachers and students provided their view on requirement of High end Microscope and immediate measures were taken. High resolution microscope was purchased and kept for use in common facility.
- Students and Alumni appreciated the use of Microsoft team platform for taking classes in the pandemic period and informed the difficulties in Google platform. Hence a common LMS platform for teaching to be used in hybrid more of teaching was suggested to the University authority
- Employers feedback suggested some lacunae in skills for which the students were advised to take Job oriented course based on their future plans

HEAD OF THE DEPARTMENT

Dr. J. ANGAYARKANNI, Ph.D
Professor and Head
Dept. of Microbial Biotechnology
