

Action Taken Report 2021-22

1. The Alumni member of Department of Women's Studies recorded that the revision of syllabus carried out reflects the contemporary academic needs for the society and that it opens up broader scope of research areas.
2. Feedback of teachers and students suggested a practical approach towards the syllabus and suggested for arranging lectures by subject experts and think tanks working towards the development of women community.
3. The feedback from all the stakeholders requested that more focus should be given to diploma and certificate courses and that more focus should be given towards guiding students for NET/ SET examinations. They opined that the revised curriculum concentrates on personality development of students. All the feedbacks were recorded and suggestions on scope of improvement has been submitted to the purview of Board of Studies and the Academic Council of the University.
