

Zoology

- ❖ Feedback was invited from the stakeholders on the syllabus which was revised in 2021. Based on the feedback received for the syllabus, the required changes were done.
- ❖ In view of the feedback from the students for the syllabus 2021, required modifications regarding introduction of COVID-19 related topics and their mechanism has been introduced into the syllabus of M.Sc. Zoology for the year 2021-2022. This will help the students to equip their knowledge more on the pandemic.
- ❖ And with reference to the feedback from the subject and industrial experts, the internships and industrial visit for the students to reputed nationalized institutions, aqua hatcheries has been made as a mandatory one in the syllabus of 2021-2022.
