

ing the knowledge of the international codes of
ce like IAEA TRS-398 and AAPM TG-51
le to perform accurate reference dosimetry and
stand the uncertainty estimates.
ms will be achieved through lectures on the
topics.

International protocols

Photon/ electron dosimetry and calibration

HDR brachytherapy calibration

Dosimetry problems in small field dosimetry

Special dosimetry measurements
(e.g SRS dosimetry)

• Uncertainty estimates in reference dosimetry

• Radiation Safety
